## \*\* NOTE \*\*

All classes highlighted in green are the primary tutorial class for that day. However, if a student is failing only one subject and needs additional tutorials, the classes highlighted in blue are the alternate or additional days to be used for that subject. For example, if a student is failing social studies only and needs to be in tutorials two days a week, then Monday and Wednesday is available. But if that same student has to be shared because he/she is failing Language Arts as well, then Language Arts has priority on Wednesdays. If your child needs extra tutorials, please contact the teacher and notify them.
